ENSF 608 F21 - Assignment 2 - Question 3 Solution (10 marks)

*Partial underline is used here to denote that AuthorName could have been handled either as a multi-valued attribute OR as a weak entity.

- 1 mark for each entity: BOOK, PUBLISHER, LIBRARY_BRANCH, BORROWER and their corresponding attributes (4)
- 1 mark for each relationship: BOOK_COPIES, BOOK_LOANS, BOOK_PUBLISHER and their corresponding attributes (3)
- 1 mark for handling AuthorName as either a weak entity or multi-valued attribute
- 1 mark for correctly underlining all primary keys
- 1 mark for overall neatness/conventions
